Challenge

Frustrating
Fun

And sometimes wet!

The Fall Retreat is about being challenged to do something new and exciting.

To see new horizons and be more than you are.

The fish are not waiting to jump on your hook!

Fishing

Help the boys realize that their food is not always easy. Sometimes it requires patience and persistence.

You can't catch fish with tangled lines.

You have to have the right bait.

Sometimes you get lucky and catch a fish.

Discover nature

The campsite is a wooded area with lots to explore.

To those who live in an urban area, there are wonderful things to discover.

Challenged

To be more than you are.
To try new things. Teamwork.
